

Player Registration Points System

Purpose

The purpose of the Player Registration Points system in the AFL Cairns Senior Competition is to promote a dynamic, competitive competition providing stability for the Clubs.

Objectives

1. Encourage clubs to develop and promote their junior teams and players.
2. Encourage clubs to recruit new players from outside AFL Cairns.
3. Better manage player payments, improve the financial stability of Clubs and discourage internal league player poaching.
4. Assist with equalisation of the competition.

The System

1. Each Player registered to a Club will be assessed according to the point system set out in this Policy.
2. Each Club will be allocated a number of Player Registration Points each season to which their Senior Grade Team must comply with and not exceed for each game, each week in any given AFL Cairns football season.
3. At the time of registration each new player shall complete the online Player Registration Form, providing accurate information concerning the Players playing history. The following conditions apply;
 - i) Any player providing false or misleading information shall be liable to penalties including, but not limited to, deregistration, suspension or a fine.
 - ii) Any official of a club complicit in the deliberate submission of false or misleading information shall be liable to a fine or disqualification.
 - iii) The Club of such player or official may be liable to an immediate loss of five Player Registration Points and a fine and/or loss of premiership points equal to the number of games played by the player in question in that season.
 - iv) The AFL Cairns Review Board will determine the penalties for deceptive or misleading information supplied.

4. All Player Registration Points assessments will be evaluated by the AFL Cairns Football management team at the time of registration.
5. AFL Cairns will maintain a seasonal Club Player Register of their players denoting individual player points and Club points total. The Club Representative and the AFL Cairns Operations Manager will agree on the values allocated.
6. All internal AFL Cairns transfer Players' point value decreases by two points annually until reaching the base value of one point.
7. Players with five years continuous service to an AFL Cairns Club as a senior player become a zero point player in their sixth season.
8. Players with eight years continuous service to an AFL Cairns Club as a senior player can transfer as a one point player after their eighth season.
9. When transferring between AFL Cairns Clubs, Under 17.5 and Under 15 Players can transfer as one point players if they have not played one (1) Senior game or four (4) Reserve grade games. Under 17.5 or Under 15 Players who have played AFLC Senior or Reserve grade football are treated as AFLC registered players.
10. Players returning to their original AFL Cairns Club after at least one season away return at their rating prior to departure less two points with a minimum of one point.
11. An AFL Cairns player wishing to return to a different AFL Cairns Club from another League is an eight point player, less two points for each entire season spent in the other League after leaving AFL Cairns.
12. A new Player to the AFL Cairns competition can transfer to another AFL Cairns club as a 1 point player if no more than two (2) games (Senior or Reserve Grade) have been played in their inaugural AFL Cairns season. This Rule will only apply if;
 - i) the Conditions of a formal written agreement between the Player and the original Club have not been met. If no formal written agreement exists the player may transfer as a 1 point player.
 - ii) any receipted costs incurred by the original club +\$250 are paid by the second club to the original club.
13. Clubs can formally request details of another AFL Cairns Club's Points Total for a specific game if they believe it to contravene these Rules. This request must be lodged by 11am on the Tues immediately following the game in question.

Appealing AFL Cairns Player Assessment

The process where Clubs or a Player wish to appeal the points allocated to a player by AFL Cairns will follow the subsequent processes;

This correspondence will contain sound, factual information supporting the Appeal. The Appeal will also include a formal Hearing with evidence to be presented by the Club, the Player in question and any other relevant parties at the discretion of the AFL Cairns Review Panel.
- ii) If a Player believes he has a bona fide and demonstrable case for reassessment based on compassionate or similar grounds, he can request, in writing, a review of his assessment. This correspondence will contain sound, factual information supporting the Appeal. The Appeal will

also include a formal Hearing with evidence to be presented by the Club, the Player in question and any other relevant parties at the discretion of the AFL Cairns Review Panel.

- iii) The Review Panel will consist of one Executive Board Member, the AFL Cairns General Manager (or other of similar position) and an AFL Cairns Tribunal Member. The Review Board can not consist of a person involved in the initial assessment.
