

JANUARY 2020

# **Marsh Match Day Checklist Guidelines**

This checklist is a basic pre-game inspection tool that helps to identify safety concerns and record your actions on match day.

# What Are You Looking For?

The Checklist is a visual inspection tool only. It will help you to identify safety concerns, such as:

# Extreme Weather

for example lightning, heat, rain, lack of visibility (fog), etc.

# **Playing Surfaces**

for example holes, cracks, debris (glass, syringes), etc.

# **Game Formats**

as per AFL "Laws of the Game" www.afl.com.au

# Hazards

on or near pathways, exits or change rooms such as debris, protrusions, etc.

#### **First Aid** including qualified personnel, first aid kits, ice, etc.

Other Factors such as sun protection, spectator behaviour, signs, etc.

**Important note:** If safety concerns cannot be addressed to an acceptable level, the checklist should not be signed. Play should not commence until conditions are acceptable to both teams.

# ACTION STATIONS

Safety concerns should be addressed to an acceptable level and recorded before you start play. Here are some examples of actions you might take:

- Control/reduce the risk with caution signs, witches hats, roping off hazards, modifying the rules/ game, etc.
- Avoid harm by removing the risk/ hazard/object from the area, delay/postpone the game, etc.
- Transfer responsibility by written notice to players, spectators, the Council or the Insurer. Ultimately, this should be done prior to game day.
- Accept and monitor when there is little chance an incident will occur. All safety concerns should be monitored throughout the day.

# **Duty of care**

Clubs owe a duty of care to players, spectators and volunteers on match day. Insurance cover may not exist for clubs and/or officials who show deliberate negligence or disregard for these responsibilities.

# Signing the checklist

Some people view the formal nature of signing a document relating to risk and insurance as formidable. This is simply not the case and if a reasonable attempt to identify risks has been made then no concern is warranted. If reasonable care has been taken to provide a safe environment then signing the checklist puts the club in a strong position to demonstrate it has complied with its duty of care.

- If the conditions are not safe ... and can't be made safe for play, then it may be negligent to start playing. To play in these conditions is placing the club in a poor position to demonstrate any duty of care has been complied with.
- If something happens ... and the checklist has been used properly and signed, the club remains in a strong position to demonstrate demonstrate it has complied with its duty of care to provide a safe environment.
- If the checklist isn't signed ... and play commences in what appears to be normal conditions and an acciden occurs resulting in serious injury, the club is in a poor position to demonstrate it has complied with its duty of care.
- The basic message is ... the club and its members, including the signatories, are in a better position if they complete and sign the checklist.

# **Protecting club officials**

Legislation and insurance exists to protect club officials who complete the checklist, thereby demonstrating they have complied wiith their duty of care.

#### Insurance

An important part of your public liability insurance is that your club supports the use of match day checklists. By addressing risk before matches commence, you can reduce your club's exposure to injuries and/or legal action. Recording your actions on the checklist may also assist in the defence of legal action against your club.

#### When should the checklist be completed?

You should complete the checklist before the first match of the day.

If conditions change, the checklist should be reviewed again (even if the checklist has been completed earlier).

#### **Storing completed checklists**

Marsh recommend original checklists are retained on file by the Home club (or association where required) for a minimum of seven (7) years for future reference.
